- Muteable Piezo Alarm Quiets Operator Complaints
- A Great New Website!
- Floyd Bell and RoHS
- A New Home for Floyd Bell!
- Floyd Bell Design Engineer on Cover of IUV Magazine!
- EMPLOYEE SPOTLIGHT

A Great New Website!

In 2005, Floyd Bell introduced an all-new, easy-to-use website. And now, it's even better. You can now BUY ALARMS (in limited quantities) directly from the site!

[Visit the new site now!!](#)

Floyd Bell and RoHS

Floyd Bell is committed to meeting the high quality standards demanded by its customers. One of these demands is the RoHS Directive set forth by the European Union (EU).

A New Home for Floyd Bell!

Floyd Bell Inc has announced its plans to move to a 25,000 square-foot facility in April of 2006.

Muteable Piezo Alarm Quiets Operator Complaints

Piezo Alarms with Mute Switch

Floyd Bell Inc. is proud to offer the OneTouch Silencer, the first piezoelectric alarm that can be muted without any additional parts! A revolutionary new concept solves the problem of an alarm being too loud when it doesn't need to be.

EMPLOYEE SPOTLIGHT

This issue's Employee Spotlight is on Reed Castor. If you've bought alarms from Floyd Bell in the last 18 years, chances are you've spoken to Reed at one point or another.

Reed's title is Technical Services Manager, but Reed does everything from Sales to Customer Service to the occasional "Hey, how are you!" call.
